**EXCLUSIVE**

**T**he Sunday Leader can now release the first ever pictures of the controversial house nearing completion in Beraliya, Deniyaya. Set in the ideal and mystical green hills of Deniyaya, the house seems suitable even for foreigners and the most senior of politicians.

Last week various politicians from the UNP were involved in a fracas when they were in the area on the campaign trail for the Southern Provincial Council elections. Their presence clearly irked rival party supporters who are now expecting an investigation against their behaviour.
